PART I: FINANCIAL INFORMATION

1. Management’s Discussion and Analysis of Financial Condition and Results of Operations

ABS-CBN Holdings Corporation’s (the Company) primary purpose is investing, purchasing and holding real and personal properties, including but not limited to, shares of stock, bonds, debentures, notes, evidences of indebtedness or other securities or obligations. The Company has not conducted any business other than in connection with the issuance of Philippine Depository Receipts (PDRs), the performance of obligations under the PDRs and the acquisition and holding of shares of ABS-CBN Corporation (ABS-CBN) in respect of PDRs issued.

Any cash dividend or other cash distributions distributed in respect of ABS-CBN shares received by the Company (or the Security Agent on its behalf) shall be applied towards the operating expenses then due of the Company (including but not limited to applicable taxes, fees and maintenance costs charged by the Philippine Stock Exchange shown as “Operating Expenses” in the statements of comprehensive income) for the current and preceding years. Any further amount equal to the Operating Expenses in the preceding year (the “Operating Fund”) shall be set aside to meet operating or other expenses for the succeeding years. Any amount in excess of the aggregate of the Operating Expenses paid and the Operating Fund for such period (referred to as “Interest”) shall be distributed to Holders pro-rata on the day after such cash dividends are received by the Company.

The Company’s key performance indicators are focused on the dividends received by the registrant to meet the PDR holders’ expectation and monitor and maintain the cash’s level to meet its obligations with respect to the Company’s current and preceding year’s operations.

The Company received cash dividends for its investment in ABS-CBN shares and in turn distributed interest to its PDR holders. Details are as follows:

	Cash Dividend	Interest Paid	Interest Paid per Share
March 2019	₱173,528,080	₱173,077,568	₱0.5486
March 2018	₱298,580,204	₱287,194,631	₱0.8849
March 2017	₱338,053,976	₱334,185,858	₱1.0281
May 2016	₱246,885,825	₱239,858,214	₱0.7287

The table below summarizes the results of operations for the period ended March 31, 2022.

	Three Months Ended March 31 (Unaudited)		Variance	
	2022	2021	Amount	%
Revenues	₱530,299	₱950,959	(₱420,660)	(44)
Reimbursement from PDR holders	530,210	947,282	(417,072)	(44)
Interest income	89	3,677	(3,588)	(98)
Operating Expenses	530,299	950,959	(420,660)	(44)
Net Income	₱—	₱—	₱—	—

The Company posted revenues of ₱530,299 for the three months ended March 31, 2022 or 44% decrease year-on-year. This is mainly driven by the decrease in “Reimbursement from PDR holders”. Decrease in revenue is proportionate to the decrease in operating expenses.

Operating expense decreased by 44% mainly due to the decrease in Listing Fees.

Cash decreased to ₱8,975,983 or 2% from December 31, 2021 mainly due payments made of its obligations. Trade and other payables increased by ₱78,223 or 1% from December 31, 2021 due to timing of payments of its obligations.

2. Financial Statements

The unaudited financial statements for the period ended March 31, 2022 with comparative audited figures for the year ended December 31, 2021 are filed as part of this form. It is prepared in conformity with Philippine Financial Reporting Standards.

ABS-CBN HOLDINGS CORPORATION

NOTES TO FINANCIAL STATEMENTS

1. Corporate Information

ABS-CBN Holdings Corporation (the Company) was incorporated in the Philippines on March 30, 1999 for the primary purpose of investing, purchasing and holding real and personal properties, including but not limited to, shares of stock, bonds, debentures, notes, evidences of indebtedness or other securities or obligations. The Company's corporate life is 50 years and can be extended for another 50 years on or within 5 years before the expiration of its term.

The Company does not conduct any business other than in connection with the issuance of Philippine Depository Receipts (PDRs), the performance of obligations under the PDRs and the acquisition and holding of shares of ABS-CBN Corporation (ABS-CBN) in respect of PDRs issued. Dividends received from ABS-CBN, exercise fees and interest income are distributed to PDR holders less operating expenses incurred and to be incurred. In the event that the dividends received, exercise fees and interest income are no longer enough to cover the expenses, the Company is reimbursed by the PDR holders (see Note 4).

No reportable segment information is presented as the Company's limited operations are adequately presented in the statements of comprehensive income.

The Company is 60%-owned by Lopez, Inc., a Philippine entity.

The Company's registered business address is 16th Floor, North Tower, Rockwell Business Center, Sheridan corner United St., Brgy. Highway Hills, Mandaluyong City.

ABS-CBN was a holder of a legislative franchise to construct, install, operate and maintain, for commercial purposes and in the public interest, radio and television broadcasting stations in the Philippines. The latest franchise renewal under Republic Act (R.A.) 7966 was approved on March 30, 1995 for a period of 25 years.

On May 5, 2020, the National Telecommunications Commission (NTC) issued a Cease and Desist Order (CDO) to ABS-CBN prohibiting its continuing broadcast operations effective immediately.

On June 30, 2020, the NTC issued a CDO to ABS-CBN to immediately cease and desist from operating its digital TV transmission in Metro Manila using Channel 43.

On July 10, 2020, the House Committee on Legislative Franchises (regular and ex-officio members) voted to adopt a resolution denying the franchise application of ABS-CBN (the "Resolution"). The denial of ABS-CBN's franchise application significantly affected ABS-CBN's operations, specifically its free to air business. This resulted in a net loss of ₱13.5 billion for the year ended December 31, 2020. This has continued to affect ABS-CBN's financial standing for the year ended December 31, 2021, which resulted in a net loss of ₱5.7 billion. ABS-CBN's current assets as of December 31, 2021 and 2020 amounted to ₱13,103 million and ₱18,683 million, respectively, and current liabilities as of December 31, 2021 and 2020 amounted to ₱14,010 million and ₱28,399 million, respectively. There are also several factors that can continue to significantly affect the planned activities of ABS-CBN to ensure the continuing operations of the latter, including the impact of COVID-19.

On July 13, 2020, the Philippine Stock Exchange (PSE) suspended trading of the common shares and PDRs of ABS-CBN and the Company, respectively, pending the submission by ABS-CBN of an acceptable comprehensive disclosure on the effects of denial by Congress of the grant of the franchise.

ABS-CBN submitted an acceptable disclosure on July 22, 2020, which the PSE approved on July 23, 2020. The PSE lifted the suspension of trading on the same date. On July 24, 2020, the PSE requested information relating to the unusual price movement in the trading of the PDRs from ₱9.10 to ₱6.37 per PDR and the Company responded on the same date.

On February 10, 2020, the Solicitor General filed before the Supreme Court of the Philippines a quo warranto petition against ABS-CBN, alleging that ABS-CBN breached the constitutional restriction on foreign ownership of mass media by issuing PDRs to foreigners. The Constitution expressly prohibits any form of foreign ownership and control of mass media. ABS-CBN responded to disprove the allegation. ABS-CBN filed a comment to the Supreme Court that the PDR holders' rights are not equivalent to the full beneficial ownership of rights of the shareholders of ABS-CBN. On June 23, 2020, the Supreme Court of the Philippines dismissed the quo warranto petition.

On June 11, 2020, the hearing of the House Committee on Legislative Franchises focused on the compliance of the PDRs issued by the Company with the Constitution. ABS-CBN has stated that the PDRs were evaluated and approved by the SEC and the PSE before its public offering. The findings and recommendations of the technical working group of the House Committee on Legislative Franchises cited the constitutionality of the PDRs as one of the reasons for the denial of the franchise application of ABS-CBN.

The going concern uncertainty of ABS-CBN and the issue on the purported breach of the constitutional restriction on foreign ownership of mass media by issuing the PDRs to foreigners indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern since the Company's only business involves the issuance of PDRs, the performance of obligations under the PDRs and the acquisition and holding of shares of ABS-CBN in respect of PDRs issued. Thus, the Company may not be able to realize its assets and discharge its liabilities in the normal course of business.

As of May 19, 2022, the PDRs and the underlying shares of ABS-CBN are still listed in the PSE. In consultation with its legal counsel, the Company's management believes that the issuance of PDRs comply with the Philippine nationality laws on ownership of mass media companies and that it can and will continue to transact issuance of PDRs, deliver the shares or proceeds from the sale of the ABS-CBN shares (see Note 3). As such, the accompanying financial statements of the Company have been prepared on a going concern basis of accounting.

Based on the Company's management's discussion with the management of ABS-CBN, disclosures in the financial statements of ABS-CBN and with the PSE, management of ABS-CBN assessed that to mitigate the impact of the denial of the franchise application and of COVID-19:

1. ABS-CBN has and will continue to pursue partnerships with various reputable companies that will allow ABS-CBN to share its Free-to-Air produced content nationwide.
2. ABS-CBN continues to operate in other businesses that do not require a legislative franchise, such as, international licensing and distribution, digital and cable businesses, as well as, continue with the syndication of content through various streaming services.
3. ABS-CBN has adopted and continues to implement cost control measures, reducing general and administrative expenses (GAEX) or overhead, rationalizing capital expenditures, and streamlining its manpower requirements.
4. ABS-CBN continues to service its loan obligations with the banks in accordance with the standstill agreement.

5. ABS-CBN continues to explore and intends to pursue all available remedies and courses of action, and will comply with relevant legal, regulatory and contractual requirements, to be able to sustain its current and future business operations, which do not necessarily involve broadcast only.

After considering the events resulting from the Resolution and the responses of ABS-CBN to address these uncertainties, management of ABS-CBN assessed that it will be able to maintain its positive cash position and settle its liabilities as they fall due within 12 months from the end of the reporting period. Accordingly, the consolidated financial statements of ABS-CBN are prepared on a going concern basis.

As of May 19, 2022, the PDRs and the underlying shares of ABS-CBN are still listed in the PSE. In consultation with its legal counsel, the Company's management believes that the issuance of PDRs comply with the Philippine nationality laws on ownership of mass media companies and that it can and will continue to transact issuance of PDRs, deliver the shares or proceeds from the sale of the ABS-CBN shares (see Note 3). As such, the accompanying financial statements of the Company have been prepared on a going concern basis of accounting.

2. Summary of Significant Accounting Policies

Basis of Preparation

The accompanying financial statements have been prepared on a historical cost basis and are presented in Philippine peso (Peso), which is the Company's functional and presentation currency. All values are rounded to the nearest peso, except when otherwise indicated.

Statement of Compliance

The accompanying financial statements were prepared in compliance with Philippine Financial Reporting Standards (PFRS).

The Company does not qualify for reporting under the PFRS for Small Entities as set out under Revised Securities Regulation Code (SRC) Rule 68 issued by the SEC since its PDRs are listed in PSE.

Changes in Accounting Policies and Disclosures

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of the new accounting standards effective beginning January 1, 2022. Except as otherwise indicated, adoption of the following interpretations and accounting policies did not have a significant impact on the financial position or performance of the Company.

3. Significant Judgments, Estimates and Assumptions

The Company's financial statements prepared under PFRS require management to make judgments, estimates and assumptions that affect the amounts reported in the financial statements and related notes. Future events may occur which will cause the judgments and assumptions used in arriving at the estimates to change. In preparing the financial statements, management has made its best judgments, estimates and assumptions of the certain amounts, giving due consideration to materiality.

Judgments, estimates and assumptions are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Judgments

Management makes judgment in the process of applying the Company's accounting policies. Judgment that has the most significant effect on the reported amounts in the financial statements is discussed below.

Use of Going Concern Assumption. As discussed in Note 1, the Company does not conduct any business other than in connection with the issuance of PDRs, the performance of obligations under the PDRs and the acquisition and holding of shares of ABS-CBN in respect of PDRs issued. On July 10, 2020, the House Committee on Legislative Franchises (Regular and Ex-Officio members) voted to adopt a Resolution denying the franchise application of ABS-CBN. The Resolution significantly affected the media, networks, and studio entertainment operations of ABS-CBN, specifically the free-to-air business of ABS-CBN in the Philippines which resulted in a net loss of ₱5,670 million and ₱13,531 million for the years ended December 31, 2021 and 2020, respectively, negative operating cash flows of ₱3,701 million for the year ended December 31, 2020, current assets as of December 31, 2021 and 2020 amounting to ₱13,103 million and ₱18,683 million, respectively, and current liabilities as of December 31, 2021 and 2020 amounting to ₱14,010 million and ₱28,399 million, respectively. There are also several factors that can continue to significantly affect the planned activities of ABS-CBN to ensure the continuing operations of ABS-CBN, including the impact of COVID-19. These factors have affected and may continue to affect ABS-CBN's ability to settle its liabilities as they fall due within the next 12 months.

After considering the events resulting from the Resolution and the responses of ABS-CBN to address these uncertainties, management of ABS-CBN assessed that it will be able to maintain its positive cash position and settle its liabilities as they fall due within 12 months from the end of the reporting period. Accordingly, the consolidated financial statements of ABS-CBN are prepared on a going concern basis.

In addition, in consultation with its legal counsel, the Company's management believes that the PDRs comply with the Philippine nationality laws on ownership of mass media companies. As such, the accompanying financial statements of the Company have been prepared on a going concern basis of accounting.

Estimates and Assumptions

The key estimates and assumptions concerning the future and other key sources of estimation uncertainty at the financial reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Recognition of Deferred Tax Assets. Management uses judgment in reviewing the carrying amount of deferred tax assets. The carrying amount of the Company's deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient future taxable profit will be available to allow all or part of the deferred tax assets to be utilized. However, there is no assurance that sufficient future taxable income will be generated against which all or part of deferred tax assets can be applied.

The Company did not recognize deferred income tax asset on the carry forward benefits of NOLCO since management believes that sufficient future taxable income may not be available against which this can be utilized. Unrecognized deferred tax assets on NOLCO amounted to ₱3,071,172 and ₱2,912,082 as at March 31, 2022 and December 31, 2021, respectively (see Note 10).

4. **Philippine Depository Receipts (PDR)**

On September 29, 1999, the Company offered 132,000,000 PDRs relating to 132,000,000 ABS-CBN shares. Each PDR was issued for a total consideration of ₱46.00, which consists of a deposit of ₱45.90 and a PDR option price of ₱0.10.

Each PDR grants the holders, upon payment of the exercise price and subject to certain other conditions, the delivery of one ABS-CBN share or the sale of and delivery of the proceeds of such sale of one ABS-CBN share. The Company remains to be the registered owner of the ABS-CBN shares covered by the PDRs. The Company also retains the voting rights over the ABS-CBN shares.

The ABS-CBN shares are still subject to ownership restrictions on shares of corporations engaged in mass media and ABS-CBN may reject the transfer of shares to persons other than Philippine nationals. The PDRs were listed in the PSE on October 7, 1999, and it may be exercised at any time from said date. Any cash dividend or other cash distributions distributed in respect of ABS-CBN shares received by the Company (or the Security Agent on its behalf) shall be applied towards the operating expenses then due of the Company (including but not limited to applicable taxes, fees and maintenance costs charged by the Philippine Stock Exchange shown as “Operating Expenses” in the statements of income) for the current and preceding years. Any further amount equal to the Operating Expenses in the preceding year (the “Operating Fund”) shall be set aside to meet operating or other expenses for the succeeding years. Any amount in excess of the aggregate of the Operating Expenses paid and the Operating Fund for such period (referred to as “Interest”) shall be distributed to Holders pro-rata on the day after such cash dividends are received by the Company.

The obligations of the Company in respect of the PDRs are secured by a pledge dated October 5, 1999 in favor of a security agent acting on behalf of the holders of the PDR. The pledge secures the delivery by the Company of the ABS-CBN shares upon exercise of the PDRs. The number of PDRs outstanding will always be matched by an equal number of ABS-CBN shares subject to the pledge. The Company undertakes that, at all times, it will own sufficient number of ABS-CBN shares to discharge its obligation under the PDR.

Upon exercise of the PDRs, an exercise price of ₱0.10 per share is paid by the PDR holders, where qualified to acquire the ABS-CBN shares. This exercise price is shown as “Exercise fees” account in the statements of comprehensive income.

Immediately prior to the closing of the PDR offering described above, Lopez, Inc., transferred 132,000,000 ABS-CBN shares to the Company in relation to which the PDRs were issued. For as long as the PDRs are not exercised, these shares underlying the PDRs are, and will continue to be registered in the name of and owned by, and all rights pertaining to these shares, including voting rights, shall be exercised by the Company. The obligations of the Company to deliver the ABS-CBN shares on exercise of the right contained in the PDRs are secured by the Pledge of Shares in favor of the Security Agent acting on behalf of each holder of a PDR over the ABS-CBN shares.

At any time after the initial offering, a shareholder may, at his option and from time to time, deliver shares to the Company in exchange for an equal number of PDRs. The exchanges are based on prevailing traded values of ABS-CBN shares at the time of transaction with the corresponding PDR option price.

ABS-CBN shares were converted into PDRs at a range of ₱10.9 to ₱13.7 in 2022.

The details and movements of PDRs and the underlying ABS-CBN shares follow:

12. Financial Risk Management Objectives and Policies

The Company's principal financial instruments comprise cash and cash equivalents which are used to finance the Company's operations. Other financial assets consist of receivables and deposits. The Company's financial liabilities are trade and other payables which arise directly from its operations.

It is, and has been throughout the year under review, the Company's policy that no trading in financial instruments shall be undertaken.

The main risks arising from the Company's financial instruments are credit risk and liquidity risk. The BOD reviews and approves the policies for managing each of these risks and these are summarized below.

Credit Risk

There are no significant concentrations of credit risks within the Company. Credit risk arises from default of the counterparty.

The maximum exposure to credit risk for cash and receivables presented in the table below is equivalent to their carrying amounts in the statements of financial position.

	March 31, 2022	December 31, 2021
	(Unaudited)	(Audited)
Cash and cash equivalents	₱ 8,975,983	₱9,171,420
Receivables	1,325,342	1,325,342
Deposit	10,000	10,000
Other current assets	273,660	–
	₱10,584,985	₱10,506,762

As at March 31, 2022 and December 31, 2021, the Company's financial assets are neither past due nor impaired and are considered to be of high quality since these are deposits or placements to counterparties with good credit rating or bank standing.

Liquidity Risk

The Company's liquidity risk arises from its financial liabilities. Liquidity risk on financial liabilities is minimal since funding comes from dividends from ABS-CBN.

As at March 31, 2022 and December 31, 2021, the Company's trade and other payables, excluding statutory payables, amounted to ₱10,570,316 and ₱10,505,457, respectively, are classified as current and are payable on demand.

Capital Risk Management

As discussed in Note 1, the Company has not conducted any business other than in connection with the issuance of PDRs, the performance of obligations under the PDRs and the acquisition and holding of shares of ABS-CBN in respect of PDRs issued. Capital includes capital stock, additional paid-in capital and deficit. The Company adopts a prudent approach on capital management to ensure that it maintains its net assets.

Dividends received from ABS-CBN, exercise fees and the related interests are distributed to PDR holders less operating expenses incurred. Any excess over the interest distribution to PDR holders and actual operating expenses is deferred and amortized when applied to the actual operating expenses of the succeeding years. On the other hand, if the balance of the unearned revenue, exercise fees and the

interest income earned during the year is not enough to cover the actual operating expenses for the year, the expenses are reimbursed from the PDR holders.

The Company manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders. No changes were made in the objectives, policies or processes during the periods ended March 31, 2022 and December 31, 2021. The Company is not subject to any externally imposed capital requirement.

As at March 31, 2022 and December 31, 2021, the Company considers its total paid-in capital of ₱23,099,356 as capital.

13. Fair Value of Financial Instruments

The following methods and assumptions were used to estimate the fair value of each class of financial instrument for which it is practicable to estimate such value:

Cash and Cash Equivalents, Receivables, Trade Payables and Other Payables. Due to the short-term nature of transactions, the fair values of these instruments approximate the carrying amounts as at financial reporting date.

14. Earnings Per Share

The following table presents information necessary to calculate earnings per share:

	Three Months Ended March 31
