ABS-CBN HOLDINGS CORPORATION

July 31, 2006

SECURITIES AND EXCHANGE COMMISSION
SEC Building, EDSA
Greenhills, Mandaluyong City

Attention; **MS. JUSTINA F. CALLANGAN**
Director – Corporate Finance

Gentlemen:

In response to your letter dated July 14, 2006 that we received today, July 31, 2006, we submit to you herewith the amended SEC Form 17-Q of ABS-CBN Holdings Corporation as of and for the three months ended March 31, 2006 indicating the same period in the caption of the Statement of Changes in Capital Deficiency.

As to the category of the "Investment in ABS-CBN shares" pursuant to PAS 32 and 39, please take note that we refer disclosure to Note 3 of the financial statements to wit:

PAS 39 establishes the accounting and reporting standards for recognizing and measuring a company's financial assets and financial liabilities. It also establishes the conditions when financial assets and financial liabilities should be derecognized. The Company was advised that under PAS 39, financial asset should be derecognized where:

- the rights to receive cash flows from the asset have expired;
- the Company retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a 'pass-through' arrangement ('pass through' test as discussed below); or
- the Company has transferred its rights to receive cash flows from the asset and either (a) has transferred substantially all the risks and rewards of the asset (risks and rewards test), or (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset (control test).

The Company retains its rights to received cash flows from its investment in ABS-CBN and assumes a contractual obligation to pay those cash flows to the PDR holders (a 'pass-through' arrangement). The 'pass-through' test is met because the Company (a) has no obligation to the PDR holders unless it collects equivalent amounts form its investment in ABS-CBN, (b) is contractually prohibited form selling or pledging its investment in ABS-CBN other than as security to the PDR holders for the obligation to pay the cash flows, and (c) has an obligation to remit any cash flows from the investment in ABS-CBN to the PDR holders without material delay.

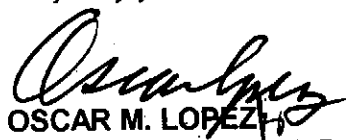

Also under the arrangement, the Company has transferred substantially the risks and rewards of investment in ABS-CBN. Accordingly, the investment in ABS-CBN and the related PDRs and deferred income should have been derecognized under PAS 39.

The Company, however, maintains that the legal and factual situation is that it exercises significant influence over ABS-CBN, that it is the registered owner of ABS-CBN shares and that it has liabilities to the PDR holders. The Company is of the view that it still retains the voting rights as well as the right to receive cash flows from the assets and has not transferred the risks and rewards nor control of the ABS-CBN shares to the PDR holders.

The Company further believes that a presentation following PAS 39 by derecognizing the investment in ABS-CBN shares and the corresponding liabilities to PDR holders would only result in misinterpretation by the readers of 2005 balance sheets. Thus, the Company chose not to adopt PAS 39 in the presentation of its 2005 balance sheet with respect to the ABS-CBN shares and the PDRs it issued.

We hope you find everything in order.

Very truly yours,

OSCAR M. LOPEZ
Chairman of the Board, President,
Chief Executive Officer and Chief Operating Officer

Any cash dividends or other cash distributions distributed in respect of ABS-CBN shares received by the Company (or the Security Agent on its behalf) shall be applied towards its operating expenses then due (including but not limited to applicable taxes, fees and maintenance costs charged by the Philippine Stock Exchange) of the Company (the "Operating Expenses") for the current and preceding year. Any further amount equal to the operating expenses in the preceding year (The "Operating Fund") shall be set aside to meet operating or other expenses for the succeeding year. Any amount in excess of the aggregate of the Operating Expenses paid and the Operating Fund for such period (referred to as "Interest") shall be distributed to Holders *pro rata* on the day after such cash dividends are received by the Company.

The Company posted revenues of ₱50,369 for the three months ended March 31, 2006 registering 6x the year ago level of ₱ 309,179. It is mainly due to lower conversion of PDRs to ABS-CBN shares for the first quarter ended March 31, 2006. Consequently, exercise fees, realized deferred income and loss on conversion decline by 85%. Also interest income decreased by 76% due to lower interest rate on short-term investments and decreased in cash level. Net loss for the period amounted to ₱434,842.

Accrual of operating expenses in 2006 resulted to an increase in "Accounts payable and accrued expenses" account.

Net loss for the period increased capital deficiency to ₱22,434,633 as of March 31, 2006.

1st Quarter Ended March 31, 2005

The Company posted revenues of ₱309,179 for the three months ended March 31, 2005 registering 46x the year ago level of ₱6,792. It is mainly due to conversion of 1,330,000 PDRs to ABS-CBN shares for the first quarter ended March 31, 2005 that resulted into receipt of exercise fee of ₱133,000, loss on conversion and realization of deferred income of the same amount (see Note 3 to financial statements). The foregoing affected the net loss of the Company for the period that decreased from ₱482,100 in 2004 to ₱289,880 in 2005. Interest income increased to ₱41,690 for the period ended March 31, 2005 as the Company made short-term money market placements that earned interest at its respective short-term deposit rates.

Financial condition. Cash and cash equivalents decreased by ₱266,758 or 7% mainly due to payment of annual listing fee to Philippine Stock Exchange, where unexpired portion is booked under "Prepaid expenses" account in the 2005 balance sheet. Accrual of operating expenses in 2005 resulted to an increase in "Accounts payable and accrued expenses" account.

Net loss for the period increased capital deficiency to ₱20,862,764 as of March 31, 2005.

Part II OTHER INFORMATION

The Company has no other information that needs to be disclose other than disclosures made under SEC Form 17-C, if any.

Revenue

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

Exercise fees. Revenue is recognized upon payment of exercise price by the PDR holders.

Realized deferred income. Revenue is recognized upon exercise of PDRs.

Interest income. Revenue is recognized as the interest accrues.

Dividends. Dividend income is recognized when the shareholders' right to receive the payment is established.

Investment in ABS-CBN Shares

Income Tax

Deferred income tax is provided using the liability method on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax liabilities are recognized for all taxable temporary differences, except where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and

Deferred income tax assets are recognized for all deductible temporary differences, carry-forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry-forward of unused tax credits and unused tax losses can be utilized except where the deferred income tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Unrecognized deferred income tax assets are reassessed at each balance sheet date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

Income tax relating to items recognize directly in equity is recognized in equity and not in the income statement.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Earnings (Loss) Per Share

Earnings (loss) per share is calculated by dividing the net income (loss) for the year attributable to shareholders by the weighted average number of shares issued and outstanding during the year after giving retroactive adjustment for stock dividends declared during the year, if any.

3. **Philippine Depositary Receipts (PDRs)**

On September 29, 1999, the Company offered 132,000,000 PDRs relating to 132,000,000 ABS-CBN shares. Each PDR was issued for a total consideration of ₱46.00, which consists of a deposit of ₱45.90 and a PDR option price of ₱0.10. The deposits are shown as "Philippine Depositary Receipts" while the PDR option price is shown as "Deferred income" in the accompanying balance sheets. The deferred income will be realized upon exercise of the PDRs (shown as "Realized deferred income"). The difference between the PDR and investment in ABSCBN shares is shown as "Loss on conversion of PDRs."

Each PDR grants the holders, upon payment of the exercise price and subject to certain other conditions, the delivery of one ABS-CBN share or the sale of and delivery of the proceeds of such sale of one ABS-CBN share. The ABS-CBN shares are still subject to ownership restrictions on shares of corporations engaged in mass media and ABS-CBN may reject the transfer of shares to persons other than Philippine nationals. The PDRs were listed in the Philippine Stock Exchange on October 7, 1999, and it may be exercised at any time from said date. Any cash dividend or

other cash distributions distributed in respect of ABS-CBN shares received by the Company (or the Security Agent on its behalf) shall be applied towards the operating expenses then due (including but not limited to applicable taxes, fees and maintenance costs charged by the

Philippine Stock Exchange) of the Company (the "Operating Expenses") for the current and preceding year. Any further amount equal to the Operating Expenses in the preceding year (the "Operating Fund") shall be set aside to meet operating or other expenses for the succeeding year. Any amount in excess of the aggregate of the Operating Expenses paid and the Operating Fund for such period (referred to as "Interest") shall be distributed to Holders *pro rata* on the day after such cash dividends are received by the Company.

Upon exercise of the PDRs, an exercise price of ₱0.10 per share is paid by the PDR holders. This exercise price is shown as "Exercise fees" account in the 2004 and 2003 statements of income. Prior year exercise fees were reflected as part of "Reversal of accrued expenses" account in the 2002 statement of income.

Immediately prior to the closing of the PDR offering described above, the Lopez, Inc., to which the Company is affiliated, transferred 132,000,000 ABS-CBN shares to the Company in relation to which the PDRs were issued. These shares are shown separately as "Investment in ABS-CBN Shares" in the balance sheets. For as long as the PDRs are not exercised, these shares underlying the PDRs are, and will continue to be registered in the name of and owned by, and all rights pertaining to these shares, including voting rights, shall be exercised by the Company. The obligations of the Company to deliver the ABS-CBN shares on exercise of the right contained in the PDRs are secured by the Pledge of Shares in favor of the Security Agent acting on behalf of each holder of a PDR over the ABS-CBN shares.

At any time after the initial offering, a shareholder may, at his option and from time to time, deliver shares to the Company in exchange for an equal number of PDRs. The exchanges are based on prevailing traded values of ABS-CBN shares at the time of transaction with the corresponding PDR option price shown as "Deferred Income" account in the balance sheets.

The details and movements of this account follow:

	Number of Shares	Investment in ABS-CBN Shares	PDRs

PAS 39 establishes the accounting and reporting standards for recognizing and measuring a company's financial assets and financial liabilities. It also establishes the conditions when financial assets and financial liabilities should be derecognized. The Company was advised that under PAS 39, financial asset should be derecognized where:

- the rights to receive cash flows from the asset have expired;
- the Company retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a 'pass-through' arrangement ('pass through' test as discussed below); or

- the Company has transferred its rights to receive cash flows from the asset and either (a) has transferred substantially all the risks and rewards of the asset (risks and rewards test), or (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset (control test).

The Company retains its rights to received cash flows from its investment in ABS-CBN and assumes a contractual obligation to pay those cash flows to the PDR holders (a 'pass-through' arrangement). The 'pass-through' test is met because the Company (a) has no obligation to the PDR holders unless it collects equivalent amounts from its investment in ABS-CBN, (b) is contractually prohibited from selling or pledging its investment in ABS-CBN other than as security to the PDR holders for the obligation to pay the cash flows, and (c) has an obligation to remit any cash flows from the investment in ABS-CBN to the PDR holders without material delay.

Also under the arrangement, the Company has transferred substantially the risks and rewards of investment in ABS-CBN, Accordingly, the investment in ABS-CBN and the related PDRs and deferred income should have been derecognized under PAS 39.

The Company, however, maintains that the legal and factual situation is that it exercises significant influence over ABS-CBN, that it is the registered owner of ABS-CBN shares and that it ha liabilities to the PDR holders. The Company is of the view that it still retains the voting rights as well as the right to receive cash flows from the assets and has not transferred the risks and rewards nor control of the ABS-CBN shares to the PDR holders.

The Company further believes that a presentation following PAS 39 by derecognizing the investment in ABS-CBN shares and the corresponding liabilities to PDR holders would only result in misinterpretation by the readers of 2005 balance sheets. Thus, the Company chose not to adopt PAS 39 in the presentation of its 2005 balance sheet with respect to the ABS-CBN shares and the PDRs it issued.
